SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

In accordance with 37 CFR §1.56, 37 CFR §1.97(b)(3), 37 CFR §1.97(c)(1), and 37 CFR §1.97(e)(1), applicant wishes to call the Examiner's attention to the Reference 43 listed on the Supplemental Modified 1449 Form submitted herewith. A copy of this reference is enclosed.

The undersigned certifies that this reference was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement, i.e., in a July 9, 2002 International Search Report regarding International Application No. PCT/US02/03665, which, like this application, claims priority from U.S. Provisional Application No. 60/267,037. A copy of that International Search Report and the claims to which it refers is attached hereto.

Applicant believes that there is a typographical error in the July 9th search report. Specifically, applicant believes that the reference to "U.S. Patent No. 4,666,648" should read "U.S. Patent No. 4,666,248." A copy of U.S. Patent No. 4,666,248 was previously submitted to the Patent Office in applicant's September 5, 2002 Information Disclosure Statement.

Applicant has obtained a copy of the front page of U.S. Patent No. 4,666,648, a copy of which is submitted herewith. As the Examiner will see, this reference has nothing to do with the subject matter of the present application.

The Examiner is respectfully requested to initial a copy of the Supplemental Modified 1449 Form and return it to applicant to indicate consideration of the reference listed thereon in connection with the prosecution of this application.

Respectfully submitted,

Date: 9/10/02
